

## Federal Member on Tour Before Session Opens

Fred Stork, M. P. for Skeena, blew into Hazelton last Tuesday to see the boys before he left for Ottawa to attend another session of parliament. A meeting was hurriedly called for the evening in the court house. There was a fair attendance. Mr. Stork had previously visited Smithers, Terrace and other points along the railway.

In regard to the coming session the member stated that he believed that the main question before the house would be the equalization of freight rates all over Canada, irrespective of local conditions. Thus the west would no longer have to make up the losses in the east due to water competition. Speaking of the Peace River railway he expressed the belief that it would not be built via the Brule cut-off, a route hundreds of miles longer and that can open no new country. He did not believe the people in the Peace River country would consent to the Brule cut-off route.

He expressed belief that this district possessed more attractions for tourists than any other point along the railway. He believed that the railway intended to make this a centre and he was going to use his influence to help it along.

## Lakelse Valley

O. P. Brown, manager of the Beaver Group of mineral claims, which are located at an elevation of 3700 feet on Thornhill Mountain, arrived in town on Monday last during the blizzard. He reports snow on the mountain to a depth of from six feet to forty feet in the ravines. Mr. Brown, who has had three men working with him until recently, is engaged in taking off the overburden and starting a new tunnel. This work is being done on the Golden Lady claim of the Beaver group. A great deal of credit is due him for the progress he has made this winter under adverse conditions.

Dr. E. W. Ewart made the annual medical inspection of the Lakelse school-children last week and was surprised at the striking prevalence of goitre among them.

We regret that Mrs. C. A. Giggey is still confined to the house as the result of a sprained ankle sustained in a fall during the recent cold snap.

The lowest temperature recorded during the past week was 20 degrees and the highest was 32 degrees.

## EDITORIAL

### About The Hospital

The annual meeting of the patrons of The Hazelton Hospital will be held on Thursday evening, February 5th. The patrons who have not already made their contributions to the Hospital are requested to do so now so as to be in good standing before the date of the meeting.

It might be stated that due to circumstances over which the management had no control the finances of the institution are in about as low a condition as ever in its history. The financing at this time is particularly difficult, due to a temporary suspension of the pole business and a general shortage of money in the district while, at the same time, the number of patients has been high, including quite a number of old timers who have given the best of their efforts to the development of the country without providing for a rainy season or for their last days.

There are also a large number who have profited by the services of the Hospital who might make special efforts now to meet their obligations. The money outstanding for services rendered would go a long way to cover outstanding obligations. We feel that all indebted to the Hospital will now make provision to pay their bills and thus relieve the institution of that part of the load.

There is an old saying—"When the devil is sick, the devil a Saint would be; when the devil is well, devil a Saint is he." Think it over.

Sweeping changes in the Canadian Pacific Railway's service of great benefit to the communities concerned are scheduled for January 11. They include revision of the timetable of the Vancouver express (Toronto-Vancouver), to reach Fort William and Port Arthur between 10 and 11 p.m., instead of 2 and 3 a.m., and Winnipeg at 10 a.m., instead of 2.30 p.m., as heretofore. The new times are more convenient to the Twin Cities than the old and a half-day is gained for business in Winnipeg. Regina is to be reached by the same train at 11 p.m. instead of 1.20 a.m., and Moose Jaw at midnight instead of 2.45 a.m., Regina-Saskatoon connections being thus radically improved, while arrival at Calgary at 4 p.m. enables Edmonton to be reached that evening. Vancouver is reached at 7 p.m. instead of 9.30 p.m. as previously. The Toronto Express (Vancouver-Toronto) reaches Winnipeg more conveniently, while arrival at Toronto at 8.40 a.m. will make possible connections with early morning trains for Ontario points and with day trains for American cities, thus saving more time. Gains on other trains between Montreal, Ottawa, Toronto, Chicago and Winnipeg are also scheduled. These arrangements follow the cancellation of the recently inaugurated train between Winnipeg, Montreal and Toronto, which is to come off January 10.

## Much Was Done By Horticultural Society in 1924

The primary object of the Hazelton Horticultural Society is to increase the number of beautiful gardens in the town and district, and to create a greater love for flowers and their culture. In doing this the product of the new labor is being used to attract outside people and outside interest in the beauties, the attractions, and the resources of the town and district. To accomplish this the society supplied the C.N.R. dining cars with flowers, and have arranged to do so again this year, much to the pleasure of the railway officials and of the patrons of the line. The society also made a request to the railway to convert the bank east of South Hazelton station into a flower garden, for the benefit of the travelling public. The society offered to co-operate in making it a success. This it is hoped, will be the start of a policy of the railway to have flower beds at all stations along the line, especially west of New Hazelton.

The society has decided to assist the members in securing bulbs, seeds and plants that are most suitable for culture in this district and thus ensure a constant supply of cut flowers for the trains and to improve the showing made at the flower show on August 21.

The officers and committees elected for 1925 are as follows:

President—Dr. H. C. Wrinch.  
Vice-President—Mrs. R. S. Sargent.  
Secretary—Mrs. A. E. Falconer.  
Executive—Mrs. Walton Sharpe, B. D. Boden.  
Constitution and Bye-laws Committee—R. S. Sargent, S. J. Winsby, H. C. Wrinch.  
Distributing Committee—Rev. T. D. Proctor, Miss R. Wrinch, Mrs. J. C. K. Sealy.

The 1924 financial statement is as follows:

EXPENDITURES	
Stationery.....	\$ 3.00
Cards, etc., for flowers for train	36.00
Interest and Govt. tax.....	.27
Balance .....	152.79
	\$192.06
RECEIPTS	
Membership fees .....	\$ 23.00
Cash, Flower Day.....	169.06
	\$192.06

Mrs. McMullen returned from the hospital on Wednesday feeling much better.

Bruce Little, master of government ferry at Francois Lake was successful in passing his navigators test in Prince Rupert.

Miss Lucille Guss returned to her home at Francois Lake Thursday night after spending several months with her aunt, Mrs. S.H. Senkpiel.

Mr. and Mrs. Denno moved into Dunn's house this week, coming from South Hazelton.

## Cabinet Silver From Friends For Galloways

On Tuesday evening Mr. and Mrs. Galloway received a very pleasant surprise when they discovered on Mr. Galloway's desk a cabinet of silver left there by a number of their friends with the following letter attached:—

To J. D. Galloway, Esq.  
Dear Mr. Galloway—Your friends in Hazelton and New Hazelton desire to mark the occasion of your appointment to the position of provincial mineralogist by expressing their high esteem for you and Mrs. Galloway, and their sense of the loss the community will sustain in your removal from Hazelton.

As a public official we have always found you capable and conscientious, and as a citizen, public spirited and neighborly, and we assure you that you carry with you our good wishes and our confidence in your success in the high position you will occupy.

We request your acceptance of the accompanying token of our regard, trusting that it will, in time to come, evoke pleasant recollections of your residence with us.

### Expresses Appreciation

C. H. Sawle, Esq.,  
Editor Omineca Herald,  
New Hazelton, B.C.

Dear Mr. Sawle—I shall be greatly obliged if you will permit me, through the medium of your paper, to thank, on behalf of Mrs. Galloway and myself, our many good friends in Hazelton and New Hazelton, who, on the eve of our departure from Hazelton, united in presenting us with a handsome case of community silver. This beautiful gift came as a complete surprise to us and we sincerely appreciate the kindly sentiments that inspired it.

In leaving Hazelton we do so with many regrets; our five and a half years residence here have been most pleasant and our memories of associations and friendships formed will long remain. Our best wishes go to the people of the sister towns of Hazelton; may the "garden spot of the north" flourish and prosperity come to you all. I need hardly to remind you that although at Victoria in the future, I will always have a keen interest in the necessities and development in this district.

Very sincerely yours,  
John D. Galloway

A very jolly dance was given in Marshall's hall Monday evening by Mrs. and Miss Weaver in honor of Miss Guss who left on Thursday night for her home. In spite of the heavy wind and snow storm the attendance was good.

## New Hazelton Community Lge. Was Organized

A meeting of citizens, which was fairly well attended, was held in the school house Saturday night when a Community League was organized. Mrs. W. S. Sargent being the instigator of the movement, gave an outline of the objects in view, chief of which were to secure a community hall and play grounds.

Roy McDonnell was in the chair with Mitchell Newman as secretary, pro tem.

When nominations for officers were called Roy McDonnell moved, seconded by Mrs. Harris, that Mrs. Sargent be president.

Roy McDonnell moved, seconded by Pete Spooner that Mrs. F. A. Goddard be vice-president.

Roy McDonnell moved, seconded by R. J. Morrison, that Mrs. Harris be secretary-treasurer.

All the officers were elected.

The was considerable discussion as to whether mere man was to be permitted membership and to hold office or not, but finally men were accepted.

Roy McDonnell thought there should be a flower garden at the New Hazelton station and it was thought the grounds for sports should be around the hotel and the corner near Dunn's.

The executive was instructed to prepare plans.

The members of the executive were appointed as follows—Mrs. Senkpiel, Mrs. Stoyloff, Mrs. Marshall, Messrs. Sawle, McDonnell and P. Spooner.

## Placer is Found on Kawli Creek By Dave Purvis

Coarse gold on the main fork of Kawli creek in the Nation lake country has been found by Dave Purvis after prospecting there for the past four years. He has been around his old stamping grounds here all week and left on Monday night for the return trip, going north from Vanderhoof with the mail carrier.

Dave has secured a lease on his new ground and as soon as he gets back will resume operations. He thinks he has something very good, but was careful not to put forth any false hopes for those who might want to follow him.

Purvis has staked three copper claims, the ore on which assays ten per cent copper, forty ounces in silver and several dollars in gold. If the Peace River railway comes out via Manson creek all that mineral country will be accessible, and, according to Dave, it is a country worth while.

The Herald is \$2.00 per year.

## Church Anniversary

The anniversary of the Union Methodist church was held Wednesday evening in the church and a good congregation was present. Rev. Victor Sansum of Kispiox delivered an address that was favorably received. Dr. H. C. Wrinch gave a history of the church and its work in this district in a very interesting manner. Others taking part in the program were—Mrs. Hunt, sr., recitation; Mrs. Boden, violin; J. Newick, song; Mrs. Tomlinson recitation; Mrs. Fakely organist. A special appeal was made for a good collection for the insurance fund and the congregation did well. The meeting was a success.

A. Goodenough, of Smithers, was a recent visitor.

## Grow More Turnips

The Vancouver Province states that Skeena river turnips bring the highest price on the Vancouver market, and are in greatest demand. Shipments have been made from Woodcock and Cedarvale. A year ago one or two car loads were shipped from Woodcock and met with great favor. This past season as soon as the Skeena river turnips arrived they were eagerly purchased and at prices considerably above the market.

Northern B. C. spuds can take first place on the outside, if produced in car lots, sorted, sacked and shipped according to the demands of the market. But turnips are a much easier crop to grow and yield a greater tonnage per acre. They are easier to harvest and handle. The south will take many carloads of No. 1 turnips and pay well for them. And what applies to turnips applies to all other northern grown vegetables—they have a flavor the south cannot produce.

Mayor S. M. Newton is to be congratulated upon his election for the sixth time to the chief magistrate's chair in Prince Rupert. His majority last week of 368 was the largest ever polled in a mayoralty contest in the northern coast city.

Jack Canuck, a paper of questionable humor, and which persuaded some northern papers to carry some questionable advertising, has suspended publication until a thousand dollar fine is paid, and the editor is spending six months in jail for contempt of court.

Having realized their mistake in calling the Senate an old woman's retreat, some Liberals are now boosting a couple of Edmonton women for the Senate.

When Premier MacKenzie King begins filling Senate vacancies with lame duck supporters it will be a sure sign of an approaching election.

The attitude of the Ottawa government towards the Peace River railway looks like a strong bid for C. P. R. support at the next election. Unfortunately the immense country that is to be opened up and that will be chiefly effected has only two votes in the house; and one of those is not very enthusiastic.

F. C. B. Farris, of Vancouver, was a business visitor in Terrace for several days.

## Usk

Skeena's Industrial Centre

H. S. Hembroff, of Russell, Man., was a guest of his uncle, James Lloyd, for several days, departing on Monday for home, via Vancouver.

A. Venne, of Kitwanga, spent a day at Usk renewing acquaintances.

A. H. Edwards, of the Canada Products Co., spent a few days in Rupert during the week.

A large number of social events is scheduled. There will be a Jitney Dance on Saturday, the 24th, by the Usk Orchestra, who will also stage theatricals and a dance on February 7. A whist drive by the local branch of the Hazelton Hospital Auxiliary is set for January 31 at the home of Mrs. Whitlow, and the Tennis Club has seized upon February 14 to hold a Valentine Dance, costumes for which may be acquired from Mrs. Bell.

At the Shackleton Hotel: F. Terrien, E. Terrien, Kelly, B.C.; Ed. Hall, Hazelton; O. W. Anderson, Prince Rupert; Emery Marshall, Terrace; J. Kemell, Smithers.

A notable warming that would shrink any other kind of lumber than the northern product took place on Saturday night at the new residence of Mr. and Mrs. Fred. Stewart, who were paid a surprise visit by their many friends. It was a veritable crush that became more cheerful on that account. Old time dances evoked more old time dances. Clog dances, Highland schottisches, and songs, and also a duet by the Valpy brothers made up a jolly program, which concluded with the serving of supper at midnight.

The Usk Liberal Association held its annual meeting on Saturday, January 17. After a review had been made of the affairs and the financial statement of the association, the election of officers for the current year took place, the following being chosen: Jas. Gall, President; Jos. Bell, Vice-President; J. D. Wells, Secretary-Treasurer; Dan. McClarty, John Willman, executive.

The Skeena Lumber Co. mill on Monday tooted its whistle for the first time since February, 1923. The mill staff was on hand and commenced operations at noon. It is expected that the mill will continue permanently, the present operations of cutting up the older logs in the yard for a dry kiln and making space available for a pond pointing to a program of steady production by the owners. Logging operations will continue during the winter on a scale large enough to provide enough material to keep the plant running during the summer.

The Northern Construction Co. of Vancouver has been awarded the contract to construct foundations and wharf for the terminal grain elevator at Prince Rupert. The price is \$225,000 and work is to be got under way at once.

## BRITISH COLUMBIA

THE MINERAL PROVINCE OF WESTERN CANADA

HAS PRODUCED MINERALS VALUED AS FOLLOWS:—  
Placer Gold . . . . . \$ 76,962,203  
Lode Gold . . . . . 113,352,655  
Silver . . . . . 63,532,655  
Lead . . . . . 58,132,661  
Copper . . . . . 179,046,508  
Zinc . . . . . 27,904,766  
Coal and Coke . . . . . 250,968,113  
Building Stone, Brick, Cement, etc. . . . . 89,415,234  
Miscellaneous Minerals . . . . . 1,408,257  
Making mineral production to the end of 1923 show  
AN AGGREGATE VALUE OF \$810,722,782

The substantial progress of the mining industry in this province is strikingly illustrated in the following figures, which show the value of production for successive 5-year periods:

For all years to 1895, inclusive . . . . .	\$ 94,547,241
For five years, 1896-1900 . . . . .	57,605,967
For five years, 1901-1905 . . . . .	96,507,968
For five years, 1906-1910 . . . . .	125,534,474
For five years, 1911-1915 . . . . .	142,072,603
For five years, 1916-1920 . . . . .	189,922,725
For the year 1921 . . . . .	28,066,641
For the year 1922 . . . . .	35,158,843
For the year 1923 . . . . .	\$41,304,820

PRODUCTION DURING LAST TEN YEARS, \$350,288,862

Lode-mining has only been in progress about 25 years, and not 20 per cent. of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing lands are open for prospecting.

The mining laws of this Province are more liberal and the fees lower than any other province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees. Absolute titles are obtained by developing such properties, security of which is guaranteed by crown grants.

Full information, together with mining reports and maps, may be obtained gratis by addressing

**The Honourable The Minister of Mines**  
VICTORIA, BRITISH COLUMBIA

# Pat O'Hooley Flimflammed

BY I. H. HOLDEN

(Copyrighted, 1925, by I. H. Holden, Cereal, Alta.).

"Some folks won't believe that th' motion of th' hands is quicker than th' movemint of th' eye; an' they're aisy marks fer ivery fakir that comes along," said Pat O'Hooley. "I used t' be in that class meself. I was that curious! An' I had t' be shown over an' over agin. Aven thin I wouldn't believe I was th' sucker I was until I had a diminstration. Wan day I gits int' a heated argumint wid a shell-game artist, an' he hits me twice on th' nose, th' last blow landin' a split sicond before I sees th' first wan comin'. I was not satisfied, but ve bet yer loife I was convinced! That sittled ut fer me. An' niver but wance since have I had me doubts.

"I was down t' th' city—let me see—oh, 'twas several years ago; an' in th' avenin' I goes t' th' t'ater. They don't have any rale t'aters loike they used t' have whin I was a bye. In those days they specialized on broken hearts, neglected woives an' childers, an' the death-bed scenes of Little Eva. Iverybody had t' carry two handkerchiefs; an' they had a bunch of flunkies wid mops t' dry th' tears from th' aisles.

"Ut's all different now. They call their actin' 'vaudiville'—

fwhativer that manes—an ut's anythin' from a bunch of swell gals in toights t' trained pigs, slack-wire dancers, piquant personalities, and sleight-of-hand performers. Ut was wan of th' latter koind that handed me moine

"He was down on th' bills as a gint from Indy or Rooshy—I disremember which—an' they called him 'Flanco, the Flim-Flammer'. He was all that! Whin he comes onto th' stage he's dressed up as toney as a diamond thafe at a society weddin'. An' he starts roight in t' bamboozle th' bunch of us.

"First, he has a milkin' stool on wan soide of th' stage; an' there's a glass box, hung from th' roof by chains, on th' ither. He fills th' box almost full of water, an' pulls the curtain in front of ut. Thin he takes his woife—that's fwhat he calls her, but I have me doubts, th' way he used her—an' sits her on th' milkin' stool, twenty fut from th' glass box. Nixt he puts a big paper cone over th' lady, pulls out a match, sets fire t' th' cone, an' while th' poor gal is burnin' t' cinders he shoots a pistol, dashes across th' stage in a twinklin' swipes away th' curtain

—whin, lo! I'm a son-of-a-gun if th' poor lady isn't inside th' glass box, drownin' instead of burnin'!

"Well, that wasn't all he did. He ates butcher knives an' crockery, foinds a hundred flags insoide a peanut shell, an' makes handkerchiefs come an' go loike butterflies! Money is iverywhere; he lifts ut from th' kids' shirts an' the wimmen's hats; an' he aven foinds a pet pig insoide a lady's muff! Down th' aisle he comes, pickin' th' people's pockets, an' showin' fwhat he's foindin', until he gits t' me.

"Hello, there, Pat!" sez he. "I'll bet ye're an Oirishman."

"Ye win!" sez I.

"Do ye iver take a drink?" sez he.

"I niver refused ut but wance," sez I. "an' that toime I wasn't asked. Have ye anything in yer trick bag?"

"Nothin' doin'!" sez he. "But

This is Pat

there's some good stuff in yer coat pocket."

"Divil a sup have I in me coat pocket," sez I. "I wish I had."

"No? Let me look wance," sez he.

"An', by gorrie, if Mr. Flanco didn't put his hand int' me insoide coat pocket an' pull out as purty a flask of Oirish whiskey as me eyes iver looked upon!

"He takes a sniff, an' winks knowin'ly. 'This is a case, Pat,' sez he, where the hand decaveth th' eye!"

"Ut is," sez I, 'fer I'm moighty sure ut wasn't where ye got ut!"

"Roight ye are!" sez he, smoilin'. "Now stick to ut!" An' he carries th' bottle t' th' stage in plain view of iverywan, makes a few mysterious passes over ut, an' ut disappears loike a flea.

"Oh, well," sez I t' meself, ut's only wan of yer tricks, Mr. Flanco! Yer trvin' t' flim-flam Pat O'Hooley wid yer nonsinse. I'm too wise fer all that. There wasn't a thing in me pocket, so how could ye take ut out? Ye couldn't!"

"Whin I was goin' home after th' show I was nither continted nor satisfied, an' I was still a little bit unaisy. Whin I arrives at th' hotel, here's Larry Connors, a frind of moine from Winnipeg, an' he's bin all over the city lookin' fer me.

"Pat," sez he, pullin' me int' a corner, 'have ye me coat?"

"Yer coat?" sez I. "Fwhat do ye mane?"

"Up in th' room," sez he. "I

changed coats wid ye by mistake. See—I have yours, an' sure enough, ye have moine! By gorrie, that's lucky! Do ye know, Pat, there's a bottle of th' finest liquor ye iver tasted in that insoide pocket?"

"No I don't," sez I, 'an' there isn't, an' there never was! I'm gittin' a little bit touchy about that bottle! Ye was t' th' show an' saw Flanco take ut from me. His hand decaved yer eye, an' ye're foolin' yerself! I don't want t' hear any more about that bottle," sez I, walkin' away. An' 'twas tin days before I knows that Flanco had raley flim-flammed me fer fair an' stolen th' whiskey."

## New Church is Now Open at Kitsegucla Vil.

One of the happiest, as well as one of the most inspiring events in the history of the upper Skeena river among the natives, took place on Sunday, January 18th, when the new Methodist church at Kitsegucla was officially opened by Rev. Arthur Barner, superintendent of Methodist Indian Missions, assisted by Rev. J. H. Young of Terrace. The day was pleasant and as invitations were sent out to all the villages, it is estimated that at each of the services there were over 400 people. Visitors with band and banners, were present from Kispiox, Glen Vowell, Hazelton, Kitwanga, Kitwano, Meanskinisht, Kitselas and Port Simpson, and when all together made an imposing procession not easily forgotten. The morning service was wholly taken up with the dedication, which made a deep impression on those present. The afternoon meeting was in charge of the Epworth League of Kitsegucla, assisted by church societies from other villages. This native service was marked by a wonderful spirit of earnestness, as evidenced by the topics voiced by the speakers. Special mention must be made of the splendid singing rendered by the native choirs. The evening service was best of all—the auditorium being filled to capacity. The program was well thought out and everything went very harmoniously.

The new church is 35 by 40 ft. finished on the outside with cedar bevel siding, and on the inside with oiled cedar V-joint. A central tower rises from the ground to a height of 60 ft., while on either side are two smaller towers. The entire work, except the chimney, doors and windows, was done by the natives. The cost of the building to date is in the neighborhood of \$1700. The mission work at Kitsegucla is in a prosperous condition and high hopes are held for its future.

The old river boat Skeena, so well known in the north, was stranded in the Fraser river near the Chilliwack wharf. She was gotten off with little damage.

## SYNOPSIS OF LAND ACT AMENDMENTS

### PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

### PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) and \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

### HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

### LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

### GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

Agricultural products harvested in British Columbia during 1923 were nearly \$4,000,000 in excess of the 1922 total, according to the annual report of the provincial department of agriculture. Total production for 1923 was \$59,159,733.

The ninth winter carnival at Banff, Alta., will be held from February 7 to 14, 1925. The curling bonspiel in connection with the carnival will run concurrently from February 9 to 14. Revelstoke has fixed its carnival dates for February 3, 4 and 5, 1925.

Tourists to the number of 100,000 are estimated to have entered the Province of Nova Scotia during the past season. These people have left approximately \$7,500,000 in the province, an increase of 25 per cent. over the previous year. The number of motor cars entering the province during the tourist season exceeded 11,000.

Canada Book Week was held from December 1 to 6 this year. Addresses, radio broadcasting and special displays in stores throughout the country drew attention to the objects of the week, which are to promote the reading of good books generally and to foster Canadian literature. The week was, as usual, a distinct success.

## The Welcome Sign

"NOBODY asked you, sir," said the coy maiden. And in matters of buying, as well as in affairs of the heart, most people like to be "asked". Often, indeed they insist on a proper invitation.

He is a wise merchant who keeps the welcome sign constantly before the community in the form of ADVERTISEMENTS in the home paper. There everybody sees it—for ADVERTISING is "the light of directed attention".

Speak up. Light up. Hundreds of good customers are listening for your message and watching for your welcome sign in "The Omineca Herald" and "The Terrace News".

## Membership of Native Sons is Double in Year

Following their election at the previous meeting of the society, the officers-elect of the Terrace Assembly, No. 15, Native Sons of Canada, were installed last week by T. J. Kirkpatrick, D.D. G.P., assisted by the retiring president, E. T. Kenney, D.D.S.A. The officers as installed for the ensuing term are as follows:

President—H. S. Creelman.  
First Vice-President—J. M. Hatt.  
Second Vice-President—J. M. Viger.  
Chaplain—Rev. T. J. Marsh.  
Secretary—A. C. Fowler.  
I.G.—W. A. Kirkpatrick.  
O.G.—J. Burrison.  
Treasurer—T. J. Kirkpatrick.  
Historian—E. T. Kenney.

The records of the Assembly showed that in point of numbers the membership had more than doubled since its organizing, a little over a year ago. The financial report was very satisfactory.

Following the installation, a banquet was spread in the Assembly rooms, and at the conclusion speeches, interspersed with musical numbers, were given.

The members did not bring their evening's entertainment to a close until well after midnight, when it was agreed by all to be the most successful meeting held since organization.

## EDITORIAL

C. R. Gilbert, prominent real estate and insurance man, and who has taken a keen interest in the welfare in this part of the country, expressed the opinion that 1925 held out more promise for the advancement of Terrace than had any year since the good old days. He particularly referred to mining, timber and the tourist trade. These three will be a great feature in the coming years and the extent to which all three may be developed depends in a considerable measure on the attitude of the local people. As to mining he particularly had in mind the Kalum Lake Mines Ltd. on the south end of Kalum lake. The company is prepared to continue the original program of development which included a No. 2 shaft to a depth of 100 feet and drift and cross cut tunnels. This is a gold property that should be good. Other properties in that district will also be working. On Thornhill mountain, just six miles from Terrace, another very promising gold property is being developed by Brown and associates and it will probably reach the shipping stage this year. At present four men are carrying on the work.

In regard to timber he finds the outlook very good. Lumber markets are improving and the pole makers are now busy and preparing to operate on a larger scale. Cedar poles and piling in all directions are available. The pole business is a big one and the Terrace section can secure a lot of the sub-contracts.

There is every reason for Terrace people to buck up and prepare for increased business.

E. T. Brooks suffered a nasty accident on Saturday last while piling lumber in the local mill-yard. He fell from the pile some feet to the ground and sustained severe injuries to his back. At present he is under the doctor's care.

J. M. Hacking, of Prince Rupert, was a business visitor in town last week.

Major Acland, of Prince Rupert, was among the visitors of the week.

Wm. Vanderlip sr. is confined to his home through illness. His friends hope to see him about again soon.

Mrs. M. F. Hatt entertained on Friday afternoon last in honor of her sister-in-law, Mrs. Floyd Hatt, of Smithers. A large number of the ladies of town was

present and spent an enjoyable time.

W. Dalquist, who is in charge of Olof Hanson's camp, was a recent guest at the Terrace Hotel.

Moore's hill was a very popular pleasure spot last week. The mild weather and clear moonlight nights brought crowds with their sleighs to the top of the hill, to enjoy the long scoot to the bottom again, and, judging from the noise, everybody enjoyed the sport thoroughly.

Mr. and Mrs. Floyd Hatt, of Smithers were guests this week of Mr. and Mrs. Morse Hatt.

R. A. Harlow, of Prince Rupert, was among recent visitors to Terrace.

W. McMillan, of Cedarvale, was a guest at the Terrace Hotel for a few days last week.

R. H. Eaton, of Lakelse Hatchery, was a visitor in town last week.

R. H. Leighton, of Prince Rupert, is spending a few days in Terrace.

Fred. Stork, federal M.P. for Skeena, who is making a tour of his riding before going to Ottawa for the forthcoming session of parliament, spent a day or two in Terrace this week, familiarizing himself with local conditions.

Jacob Wildi, of Pitman, was a week-end visitor.

Mrs. Geo. Dover entertained the W.A. of the Anglican Church on January 15, when an almost full attendance of members was present. The ladies are busy preparing for their Easter sale of work.

Mrs. L. H. Kenney and son, Philip, left on Friday morning for Vancouver, being accompanied as far as Prince Rupert by L. H. Kenney.

C. R. Gilbert returned on Wednesday morning from a business trip to Vanderhoof.

H. S. Parker of Prince Rupert, was a business visitor in Terrace on Wednesday.

Mrs. M. F. Hatt entertained the B.D. Bridge Club on Tuesday evening, and despite the difficulty of travel through deep snow, a majority of the members was present.

G. G. Bonamy, of Seattle, is a visitor in town this week.

Terrace was visited on Sunday night and all day Monday with the heaviest snowfall in years. No trace of roads was to be seen anywhere after the storm had passed, but on Tuesday the trams were all at work, and although the snow is piled high, the highways are broken for traffic again.

## THE TERRACE DRUG STORE

R. W. RILEY

TERRACE, B.C.

Mrs. W. J. Parsons entertained the Willing Workers Club and extra members of the choir at a delightful one o'clock luncheon on Saturday last. The hostess was assisted by Mrs. C. J. O. Toombs and Miss Toombs, of Lakelse. The afternoon was spent in playing various games and in contests, the girls entering into the amusements with the real spirit of youth, and did not depart until daylight was fast

fading. All pronounced Mrs. Parsons an ideal hostess who knows what girls enjoy.

Mrs. Geo. Little entertained a number of friends at a sleighride last Saturday. The weather being mild, the outing proved a most pleasant one.

F. C. B. Farris, of Vancouver, was a business visitor in Terrace for several days.

A. Goodenough, of Smithers, was a recent visitor.

## Quebec to Have New Sport Facilities

With the first fall of snow covering the ground Quebec is putting the finishing touches to a programme of winter activities that will extend throughout the season and cover every phase of outdoor sport. A ski jump that will rival those of Montreal and Ottawa, and attract amateur skiers of international fame is planned for this city, and engineers are already at work making surveys and plans for its erection on the Dandurand Terrace property of the Quebec Seminary. The jump will be opened in due course under the auspices of the Frontenac Winter Sports Club, a new sportive organization under the patronage of the Chateau Frontenac and direction of E. Des Bailleurs, internationally known winter sportsman, who has drawn up a programme of international competitions, including figure skating, curling, ski-running and jumping, hockey and other events to take place in this city during the coming season. Mr. Des Bailleurs is supported by local civic, sporting, military and other authorities, while a number of

offices in the Frontenac Winter Sports Club have been left open for representatives of clubs in the United States.

Featuring in the programme already outlined are ski, hockey and skating tournaments at which Canadian and American Universities will compete. In this connection it is announced that the Princeton University hockey team will meet the Sons of Ireland in Quebec, February 10th, and on the following day will meet the McGill team at the new Forum in Montreal. The American team comes from the University of which the late Woodrow Wilson was president when elected to the Presidency of the United States.

Ski-joring will receive much attention and owners of fast horses are being encouraged to train them for that sport. Races will be held on a track of well beaten snow. The Chateau dog team will play its usual part in aiding sport and merriment, and will be housed in a little Eskimo igloo, adding to their picturesque quality.

and prospectors large sums which the latter would not have gained had he not been so assisted. The business fraternity of the province, it was considered, put up a howl when it foresaw a slight chance of loss of trade to more zealous competitors, but would not emphasize its willingness to develop the mineral prospects of the province. The loud clamor for governmental regulation for protection was a move to kill the goose that laid the golden egg. The resolution follows:

"After a discussion of the alien ownership of mines in British Columbia and the reading of the published statements of speakers before a conference of several bodies in Vancouver, B.C., on January 5, 1925, including the Wholesale Bureau, Vancouver Board of Trade, B.C. Chamber of Mines, Native Sons, Hon. H. H. Stevens, Brig.-Gen. J. A. Clark, and city Members of Parliament, suggesting that mineral in place be restricted to British citizens and an embargo on placer gold;

"We, the members of Skeena District Prospectors Association do hereby put ourselves on record as agreeing on the theory, but denouncing any such sentiment so long as Canadian capital remains so timid in its present opportunities, and endorse remarks made by F. N. Jackson in the issue of January 10, 1925, of the Daily Province, Vancouver, B.C.

"The prospector is a much-desired victim in a most hazardous calling and is a fast-diminishing quantity in the species genus homo, and should be encouraged, no matter what his nationality, as long as he will prospect. The fruits of his discoveries are available to Canadian or British capital, therefore why do these not interest themselves to preserve the discoveries to Canada after they are made?

"It takes money to develop a mine. If Canadian money will not do it, then let the alien money come in, so that the tremendous mineral heritage, made available by the prospector, may slightly reward his life work before he enters the portals of oblivion.

"So long as British law enforces its sale price of its resources to those earning it, by its 2 per cent—or more if necessary—assessments on production, then there should be no further strings attached to hamper the development of B.C. mineral resources.

"The B.C. institutions may become successful competitors in the trade and ownership of mineral properties by more attractively placing their advantages, so that the prospector's self-interest will be best-served by following the line of least resistance, thereby becoming the most advantageous buyer and seller."

The Northern Construction Co. of Vancouver has been awarded the contract to construct foundations and wharf for the terminal grain elevator at Prince Rupert. The price is \$225,000 and work is to be got under way at once.

SCOTCH WHISKY

Try a Bottle & Make a New Friend

"SANDY MACDONALD" is one of Scotland's rare old Whiskies. Once you taste it you'll know how "Soft," mellow and stimulating Scotland's best really is.

For many generations "Sandy Mac," as it is usually called, has been known all over Scotland—pretty well all over the world too—as a whisky that never varies in its high quality and reaches a degree of purity and "delicacy" of flavour that is as unusual as it is satisfying.

Drink "Sandy Mac" yourself and put it before your friends who know what is good.

## Usk Prospectors Take Stand On Alien Ownership

### Would Oppose Any Move to Prevent Foreign Capital From Coming in

USK, Jan. 22.—The Skeena District Prospectors' Association held its annual meeting in the Shackleton Hotel on January 17, when officers for the year were elected, as follows: President, A. A. Stewart; Vice-President, D. McClarty; Secy.-Treasurer, J. D. Wells; Executive, Jos. Bell, Thos. Scully, John Willman, J. L. Bethurem. Preceding the election the various activities of the association for the past year were reviewed, and a number of communications were read and ordered filed.

A resolution in respect to the alien ownership of mines was passed and is appended herewith. The meeting was quite emphatic on the point, considering that if alien capital were debarred from ownership the prospector might as well sit down and starve or take up farming. It was not altogether a question of a grub-stake, but the disposition of what had been found. In the Kootenay days alien money came in and joined with the prospector for an interest, sufficient to develop a property so that a larger corporation could come in and measure up tonnage, giving the exploiters

## HAZELTON NOTES

Is your family protected? Is your estate protected? See Wm Grant's Agency.

A Burns Night concert is being held in Assembly hall tonight.

Mr. and Mrs. Galloway left on Thursday night for their new home in Victoria.

Galloway's public auction sale Wednesday afternoon was a big success and the vendor is well satisfied with the results.

Mrs. Fakeley entertained Monday night at games and dancing. A very pleasant evening was enjoyed by those present.

Word has been received from Vancouver that Roberta Anderson is improving and is out of danger.

The town was full of travellers the middle of the week.

Mrs. Falconer and Dr. Large gave solos in the Union church last Sunday night.

W. P. Wardrop of Smithers spent a couple of days here this week renewing acquaintances.

Chas. Ek arrived from Smithers this week with a whole bunch of unsolved problems.

Bob McCorkle of Vanderhoof and Tacla Lake, was a business visitor in town this week.

Mr. Thomasson of Terrace was a visitor at the hospital the first of the week to see Mrs. Thomasson.

Mr. Sessions arrived from Pacific on Sunday and accompanied his little daughter home from the hospital.

Dr. G. A. Petrie left Sunday night for Vancouver where he will spend a time while seeking a location where he will enter into private practice. Dr. Petrie was exceptionally well liked, not only in this immediate vicinity, but at all points along the Skeena as far as Terrace, where he is known professionally and socially. His departure from this district is a distinct loss and much regretted. He has the best wishes of a host of friends here for his future success wherever he decides to locate.

On Sunday afternoon last Dr. Wrinch baptised George Drysdale Tomlinson, youngest son of Robt. and Mrs. Tomlinson. The ceremony took place at the home of the parents and was witnessed by a number of friends from the hospital.

The annual meeting of the W. A. of St. Peter's church will be held in the Mission House Thursday evening at 8 o'clock.

A special dedication service will be held in the morning of Feb. 5th at eleven o'clock to dedicate several articles of furniture that have been donated in memory of late members.

Owing to a shortage of space, we are compelled to hold over the reports of a number of native weddings solemnized at St. Peter's Church this week by Rev. T. D. Proctor.

## GUELPH'S FIRST HOUSE TO BE RESTORED

At the instance of the Wellington Historical Society, the old Priory building of Guelph, Ontario, erected nearly a century ago by John Galt, the founder of that city, is to be restored. The various trades unions in Guelph have offered to contribute to the restoration and an energetic campaign is now being carried on among the citizens to raise the balance of the money required to rebuild, in replica, the building as it stood on completion ninety-seven years ago. The old building was removed from its original site many years ago, and some of the original logs were replaced with new ones, but there are still many of the timbers remaining that were placed in position by the Canada Company's axemen in 1827. For some years the old Priory building was utilized as a passenger station by the Canadian Pacific, but it was abandoned as a station when the town of Guelph outgrew it. Tradition has it that Galt, taking an axe from one of the axemen struck the first blow against the first tree to be felled, after which he and his party drank to the prosperity of Guelph.
